## Leadership and Development Programs

Term	Activity	Purpose and Description	Hours Completed
Fall 2018	Course Participant Effective Intercultural Communication	Participants increased their intercultural development and intercultural communication skills through developing self-awareness in a facilitated online course. Participants identified cultural influences, articulated insights into their own cultural rules, norms and biases and used empathy to discuss the interconnection and complexity of culture and communication. Participants developed some tools and strategies to promote more integration of diversity in inclusive ways.	15
